

AMI Day January 31

Please continue with the activities from yesterday's packet. Students should choose different activities than they did yesterday. Each student needs to do 4 hours of work per AMI day. I would really like everyone to spend at least 30 minutes on IXL today. If you don't remember your login, please text me. Also, don't forget to study for the science test. I have added the link to the review sheet in case your student left it at school. Let me know if you have any questions.
